**Workshop Notice**

September 26, 2002 9 am – 4 pm	California Public Utilities Commission Training Room 505 Van Ness Avenue San Francisco
-----------------------------------	---

The Telecommunications Division staff (staff) will conduct a workshop pursuant to Commission Decision (D.) 02-06-072 in Rulemaking 02-02-020. D.02-06-072 implemented the current acceptable 3% error rate for telephone connections made by predictive dialers (PDs) for which no agent or telemarketer is available to speak to the person called. By D.02-06-072 the Commission also established related, interim record-keeping requirements. The workshop will address: 1) further requirements for record-keeping on these PD connections; 2) methods for educating consumers about do-not-call registers and other means to discourage unwanted calls; 3) the feasibility of accomplishing the 1% acceptable error rate in PD use that is scheduled to become the new standard on January 1, 2003, and; 4) whether a revised acceptable error rate for PD use should be made effective January 1, 2003, or on some later date.

Within 20 days of the close of the workshop, staff will file and serve its workshop recommendations to the Commission. Comments on these recommendations may be filed and served by other parties 10 days thereafter. A workshop agenda is available by clicking here: <http://www.cpuc.ca.gov/PUBLISHED/REPORT/18905.htm>

The workshop location is accessible to people with disabilities. If specialized accommodations for the disabled are needed, e.g. sign language interpreters, please call the Public Advisor at (415) 703-2074 or TTY# (415) 703-5282 or toll free # 1-866-836-7825 three business days in advance of the workshop. Participants are advised that the room being used for the workshop will be used by a different group during the lunch hour (12:00 – 1:00 p.m.), and participants will be required to take their belongings with them during the lunch break.

Questions regarding the workshop should be addressed to Jerry Kerschman at (415) 703-1794, or via e-mail at [jjk@cpuc.ca.gov](mailto:jjk@cpuc.ca.gov).

Commission's own motion into open access and network architecture development of dominant carrier networks.

**Summary:** On August 21, 2002, Regina Costa, Telecommunications Research Director of The Utility Reform Network (TURN), met with Trina Horner, advisor to Cmmr. Lynch, Robert Wullenjohn, advisor to Cmmr. Brown, and Jonathan Lakritz, advisor to Cmmr. Wood, in three separate meetings in San Francisco. Costa expressed TURN's support for the draft decision of ALJ Jones, and argued that the record in this proceeding supports the adoption of a reasonable monthly rate for the high frequency portion of the loop. Costa also stressed that the Commission has the legal authority to issue this decision and discussed the importance of Commission action in light of Federal Communications Commission proceedings related to broadband services.

**Summary: LATE FILED.** On August 20, 2002, William Stock, Chief of Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Laura Krannawitter, advisor to Cmmr. Duque, in San Francisco. Also present was Lynne McGhee, advisor to Cmmr. Duque. Stock noted that it is imperative to put into place the right rules for interim procurement now in order to take advantage of current market conditions, to be able to work with the California Department of Water Resources before its authority expires. Stock noted that the alternate of Cmmr. Peevey, with a few suggested changes, would strike the right balance of regulation and procurement efficiency. Stock suggested that the proposed and alternate decisions by ALJ Walwyn and Pres. Lynch, respectively, will not allow for the needed procurement to be accomplished in time.
